HOPE CLUBHOUSE

CHANGING LIVES THROUGH HOPE

Our Mission

Hope Clubhouse is a community of support for adults living with a mental illness which provides opportunities for paid employment and access to education, housing and wellness. Hope Clubhouse is committed to excellence and the evidence-based Clubhouse model. The Clubhouse philosophy believes in the potential of all individuals to lead a satisfying and meaningful life and becoming employed.

- 1 in 5 U.S. adults experience mental illness.
- 1 in 20 U.S. adults experience serious mental illness.
- Nearly 3.5 million Florida adults have a mental illness

2025 was a transformative year for Hope Clubhouse. It marked our 15 year anniversary at 3602 Broadway, brought new partnerships, expanded programming, increased community visibility, and strengthened our commitment to recovery focused mental health support. Members thrived across employment, wellness, education, and social opportunities and the community rallied behind our mission.

A Community on the Rise

Hope Clubhouse plays a vital role in supporting adults living with mental health challenges by providing a place to belong, contribute, and grow. As demand for services continues to increase, expanding our space allows us to serve more members, reduce wait times, and offer additional programs in employment, education, wellness, and social connection. A larger facility also improves the member experience by creating safer, more welcoming workspaces and strengthens our employment partnerships and opportunities.

Member Highlight

Mathew joined Hope Clubhouse after facing challenges with ADHD and mental health that led to several hospital stays. During a recent stay at a local treatment center, he first learned about Hope Clubhouse when our CEO, Lauren, visited to present the Clubhouse mission and share information about the community. Inspired by that presentation, Mathew felt motivated to join a place where he could begin to rebuild his confidence and sense of purpose.

Since becoming a member, Mathew has become a vital part of the Clubhouse, especially in the Culinary Unit, where he helps prep, cook, and serve meals daily to fellow members. “It’s helped give me the will to work again,” he shared. His contributions not only support his own growth but also help strengthen and nourish the entire Clubhouse community. After more than a decade away from the workforce, Mathew has started submitting job applications, a milestone that reflects the skills, confidence, and hope he has gained through his time at Hope Clubhouse. His story highlights the power of community, structure, and compassion in fostering healing, connection, and new beginnings.

Garden and Nutrition Impact

The Garden and Culinary Programs are vital sources of nourishment, education, and community connection. Members grow fresh produce that provides access to healthy food in a time of rising food insecurity. Through hands on gardening and meal preparation, members build practical skills, earn culinary certifications, and gain employment ready experience. Beyond nutrition, the garden and kitchen offer a therapeutic space that fosters teamwork, confidence, purpose, and overall well being.

The Employment and Education Programs empower members to build skills, confidence, and independence. Members gain meaningful work experience while developing essential workplace skills such as communication, teamwork, and time management. Educational workshops, guest speakers, and skill-building activities further support career readiness and personal growth. Together, these programs provide members with the tools, experience, and confidence to succeed in the workforce, continue their education, and achieve greater independence.

As we look ahead, the support we received throughout the year ensures that Hope Clubhouse remains a place of stability, growth, and opportunity for every member who walks through our doors.

Together, We Made a Difference

Thanks to the generosity of our donors and grant partners, Hope Clubhouse was able to provide affordable daily meals, expand employment opportunities, introduce new educational programming, and respond to the growing needs of our members during a year marked by rising food insecurity and economic pressures. We extend our sincere gratitude to everyone who supported Hope Clubhouse this year.

A Vision Made Possible

In response to our growing membership and evolving program needs, Hope Clubhouse launched a capital campaign to create a more open, welcoming space for members at our current location. The goal of this campaign was to raise $330,000 to support much-needed improvements that would allow us to better serve our community and refresh the Clubhouse into a space that feels modern, inclusive, and uplifting for all. Thanks to the extraordinary generosity of our supporters, we are proud to share that we raised 100% of our campaign goal. This achievement reflects the deep belief our community has in the mission of Hope Clubhouse.

CHANGING LIVES THROUGH HOPE

THE YEAR IN REFLECTION

TOGETHER, WE ARE BUILDING MORE THAN PROGRAMS, WE ARE BUILDING FUTURES ROOTED IN DIGNITY, BELONGING, AND HOPE.

Thank you for being part of the Hope Clubhouse community.
